Ignite Program Overview & Dates

Ignite is a great way for incoming students to start their leadership journey at the University of Tennessee. Before the start to the semester, incoming students have the opportunity to learn what it means to be a true Volunteer, become more acquainted to campus and connect with peers. Ignite is divided into four different programs to ensure that there is something for everyone: Ignite Knox, Ignite Leadership Summit, Ignite Outdoors, and Ignite Serves. All Ignite programs are open to both incoming freshmen, transfer students, and Volunteer Bridge students.

Ignite Knox is a four-day community engagement and leadership experience that introduces students to our Scruffy City through cultural, outdoor and service experiences. Our hope is that students see Knoxville as home and not just a four-year destination for college.

July 8-11, 2020
July 15-18, 2020

Ignite Serves is a four-day on-campus leadership and service experience for 500 incoming students. Ignite Team Leaders will lead students through an action-packed week of activities focused on team building, serving the community, leadership and learning UT traditions. Participants will serve local Knoxville organizations, complete leadership workshops and enjoy evening social events.

August 10-13, 2020

Ignite Leadership Summit is an off-campus 3-day event. Led by Ignite Team Leaders, Ignite Leadership Summit experience provides a warm welcome to Big Orange Country. Ignite Leadership Summit has two sessions and takes place at the Coker Creek Village in Coker Creek, TN. Program highlights include a challenge course, a high-energy UT traditions tournament and leadership workshops.

August 15-17, 2019

Ignite Outdoors is a five-day outdoor trip filled with adventure, leadership, learning, and outdoor skill development for all experience levels. University of Tennessee Outdoor Pursuits staff takes pride in providing a meaningful experience for participants. With training in navigation, wilderness first aid, risk management, group dynamics, leadership, and technical skills, our leaders are well prepared to provide an enjoyable, learning adventure for students. The challenge of the wilderness provides many amazing opportunities to learn about how to cope with new challenges. This experience eases the transition to college life.
